

Chicken Soup with Rice Activity Card

Dear Families - Young children need to learn about the months of the year. The changes in seasons and the different holidays provide a wonderful pattern to our lives. In the boxes below are the names of the months. At the bottom of this page are objects mentioned in Chicken Soup with Rice. Help your child paste the objects in the proper box, re-reading the book to doublecheck your decisions.

January	February	March	April
May	June	July	August
September	October	November	December
