

Freight Train Activity Card

Dear Families - Young children are busy learning their colors. To play this game, if your copy is black and white, first help your child color the pictures below. Next, cut out the pictures. Then, re-read the book Freight Train, lining up the cars exactly as the book indicates, beginning with the red caboose and ending with the black steam engine. When you are finished, place the cars in an envelope marked *Freight Train* so your child can play this game again.

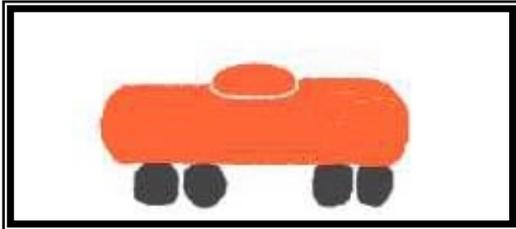

Green Cattle Car

Black Tender

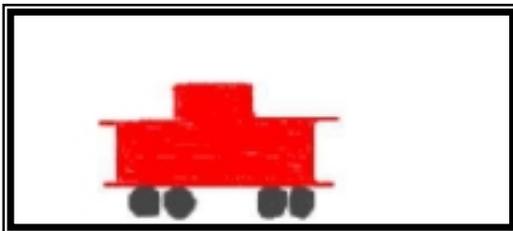

Orange Tank Car

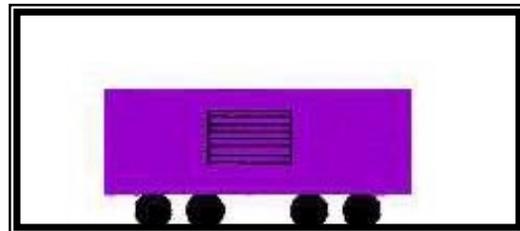

Yellow Hopper Car

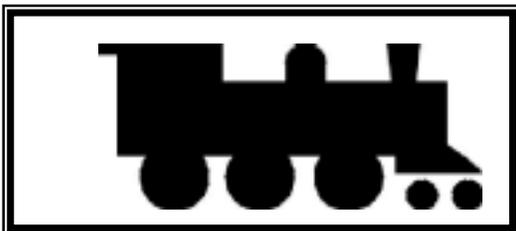

Red Caboose

Purple Box Car

Black Steam Engine

Blue Gondola Car
