

I Know an Old Lady Activity Card

Dear Families - Understanding sequence, the order in which items or events occur, is an important ability in reading. In I Know an Old Lady, the Old Lady eats larger and larger animals in her attempt to be rid of the smaller ones she has accidentally eaten. For this activity, cut out the pictures below, and cut out the hole for the Old Lady's stomach. Then, with your Head Start child, "feed" the animals to the Old Lady as the two of you sing "I Know an Old Lady".
