

My Crayons Talk Activity Card

Families - Preschool children are busy learning the names of the different colors. At the bottom of the page are some of the objects that author Patricia Hubbard associates with the different colors in her book. If your copy is black and white, help your child color the pictures. Then, cut out the pictures and, with your child put each picture in the box where it belongs. You can paste the pictures in, or you can put them in an envelope marked *My Crayons Talk* so you and your child can play this game again.
