

Ten, Nine, Eight Activity Card

Dear Families - Young children are learning to count. To play this game with your child, you will need to turn to the page in the book where you and your child see the pictured item. Help your child count the number of items. When you and your child have finished counting, let your child put a check in the box to show that you two have done your counting!

Object	Number that I counted ...	Check
	I found the page with the eyes. I counted 4 of them.	
	I found the page with the buttons. I counted 5 of them.	
	I found the page with the sleepy girl. I counted 1 of her.	
	I found the page with the windowpanes. I counted 8 of them.	
	I found the page with the seashells. I counted 6 of them.	
	I found the page with the empty shoes. I counted 7 of them.	
	I found the page with the arms hugging. I counted 2 of them.	
	I found the page with the toes. I counted 10 of them.	
	I found the page with the soft friends. I counted 9 of them.	
	I found the page with the kisses. There were 3 of them.
