

# The Cow that Went Oink Activity Card

Dear Families - One of the ways that children learn about the different sounds of English is by saying words in silly ways. In this book, the author Bernard Most tacks on "ha" to the regular animal sounds. To play the game below with your child, cut the pictures from the bottom of this page. Then, read what is written in each box. Help your child paste the picture where it belongs. Remind your child that we can always look back in the book to find the answers!

This is the animal that said, "Cluck-ha."	These are the animals that said, "Oink-ha, oink-ha, oink-ha."	This is the animal that said, "Moo."
This is the animal that said, "Gobble-ha."	This is the animal that said, "Oink."	This is the animal that said, "Hee-haw-ha."
